

PRAGYAN PUBLIC SCHOOL SUMMER VACATION HOMEWORK GUIDELINES

Session 2026-27

GENERAL INSTRUCTIONS FOR STUDENTS

- Complete all work neatly and sincerely.
- Write all subjects in separate notebooks.
- The notebook should be properly covered and labelled with:
 - Student's Name
 - Class & Section
 - Roll Number
 - Session
 - "SUMMER VACATION HOMEWORK"
 (on the front cover)

- Use separators or coloured pages for each subject.
- Index should be prepared at the beginning of the notebook.
- Date must be written for every activity.
- Handwriting should be neat and readable.
- Use only blue pen and pencil for written work.
- Diagrams and drawings should be properly coloured and labelled.
- Avoid overwriting and untidy presentations.

HOMEWORK COMPLETION GUIDELINES

- Complete homework regularly instead of doing it at the last moment.
- Work independently.
- Seek parental guidance but do not complete the work on their behalf.
- Every task should reflect creativity, understanding, and effort.
- Read instructions carefully before starting the work.
- Complete all activities within the given timeline.

PRESENTATION GUIDELINES

- Use headings and subheadings properly.
- Maintain proper margins.
- Use coloured pencils for charts and creative work.
- Keep work clean and organized.
- Attach worksheets or printed material, if used.
- Avoid loose sheets unless instructed.

SUBJECT-WISE ARRANGEMENT IN NOTEBOOK

Arrange subjects in the following order:

- | | |
|----------------|------------------------------|
| 1. English | 5. Social Science |
| 2. Hindi | 6. Computer / ICT |
| 3. Mathematics | 7. Sanskrit / Third Language |
| 4. Science | |

EVIDENCE SUBMISSION GUIDELINES

Attach evidence of activities wherever applicable.

Examples of evidence may include:

- Drawings
- Photographs
- Observation tables
- Labels
- Charts
- Small reflections
- Parent signature for activity completion
- Leaf pasting
- Creative model photographs
- Survey records
- Nature observation notes

READING HABIT GUIDELINES

- Read for at least 20 minutes daily.
- You may read:
 - Story books
 - Newspapers
 - Magazines
 - Informational books
 - Poems

- Maintain a small reading log mentioning:
 - Book name
 - Date
 - New words learned

- Observe nature
- Learn new skills
- Practice art and craft
- Improve communication skills
- Participate in family discussions
- Develop problem-solving habits
- Practice kindness and responsibility

PARENTS' GUIDELINES

- Encourage children to work independently.
- Monitor regular completion of homework.
- Appreciate effort and creativity.
- Ensure a balanced routine of study, play, and rest.
- Support reading habits at home.
- Avoid excessive pressure on children.

SCREEN TIME GUIDELINES

- Limit mobile phone usage.
- Use digital devices only for educational purposes.
- Educational videos and learning apps may be used with parental guidance.
- Avoid excessive gaming and social media use.

SUBMISSION INSTRUCTIONS

- Submit the notebook on the first three working days after vacation.
- Incomplete homework may affect subject enrichment records.
- Revise and complete all work before school reopens.
- The notebook will be assessed on:
 - Neatness
 - Creativity
 - Completion
 - Presentation
 - Concept understanding
 - Originality of work

MAINTAIN A HEALTHY DAILY ROUTINE

- Sleep on time and wake up early.
- Eat healthy food and drink enough water.
- Practice cleanliness and hygiene.
- Help parents in small household activities.
- Spend time in outdoor games and physical activities.

- Participate in community or social activities.
- Draw, paint and craft.
- Learn a new skill, explore a hobby or skill.
- Explore and express your creativity.
- Learn a hobby or skill for personal growth.

IMPORTANT REMEMBER

*Use your time wisely,
learn joyfully,
and grow every day!*

CLASS 4 – ENGLISH

Day	Task	Working	Evidence	Reflection	Process
1	My Favourite Place	Write about a place you like	6–8 sentences	Why do you like this place ?	Think about a place you enjoy visiting such as a park, village, zoo, or beach. Observe what makes the place special and write simple sentences describing its beauty and importance.
2	Picture Composition	Write a story from a picture	Picture with story	Which part was most creative ?	Look carefully at a picture and observe people, animals, objects, and actions shown in it. Use your imagination to create a short and interesting story based on the picture.
3	My Daily Routine	Write your daily activities	Routine paragraph	Which activity do you enjoy most ?	Think about your daily routine from morning to night. Write about activities like waking up, going to school, studying, playing, and sleeping in proper sequence.
4	Rhyming Words Activity	Write 10 rhyming word pairs	Word list	Which pair sounded funny ?	Read and speak rhyming words aloud to understand similar ending sounds. Practice writing different rhyming word pairs neatly.
5	My Best Friend	Describe your friend	6 sentences	Which quality do you admire ?	Observe your best friend’s qualities such as kindness, honesty, helpfulness, and good behaviour. Write simple sentences describing why your friend is special.
6	Opposite Words	Write 10 opposite words	Word table	Which words were easy ?	Learn opposite words by comparing meanings such as happy-sad, tall-short, and clean-dirty. Practice using them in simple sentences.

12	कविता लेखन	पेड़ों पर कविता लिखिए	6 पंक्तियाँ	पेड़ क्यों जरूरी हैं ?	पेड़ों के महत्व को समझते हुए उन पर छोटी कविता लिखिए।
13	विज्ञापन निर्माण	खिलौने का विज्ञापन बनाइए	पोस्टर एवं नारा	विज्ञापन कैसे आकर्षित करते हैं ?	किसी खिलौने या मिठाई का आकर्षक विज्ञापन बनाइए और नारा लिखिए।
14	स्वच्छता पोस्टर	स्वच्छता पर पोस्टर बनाइए	पोस्टर	स्वच्छता क्यों आवश्यक है ?	स्वच्छता का महत्व समझकर जागरूकता पोस्टर तैयार कीजिए।
15	कहानी पढ़ो	कहानी पढ़कर शिक्षा लिखिए	कहानी सार	क्या सीख मिली ?	कहानी पढ़कर उसके मुख्य विचार और शिक्षा को अपने शब्दों में लिखिए।

Class:-4th

Hindi Lit:- पाठ-4 'पेड़ के साथी' पाठ पढ़कर कठिन शब्दों को रेखांकित कर, लिखकर याद करिए।

गतिविधि:- पेड़ का चित्र बनाकर "पेड़ों से लाभ" पर वाक्य लिखिए।

Hindi Lang:- संज्ञा पेज नंबर 32 की गतिविधि पूरी करिए।

हिंदी की सुलेख पुस्तिका करिए।

CLASS 4 – MATHEMATICS

Day	Task	Working	Evidence	Reflection	Process
1	Counting Activity	Count books, toys and utensils	Counting table	Which object was maximum ?	Count books, toys, utensils, and other household objects carefully and record the numbers neatly in a table.
2	Shape Hunt	Find shapes around home	Shape drawings	Which shape was common ?	Observe different objects around your home and identify shapes such as square, rectangle, circle, and triangle.
3	Number Names	Write number names 1–100	Number list	Which spelling was difficult ?	Practice writing number names from 1 to 100 carefully and read them aloud for better understanding.
4	Addition Practice	Solve 5 addition sums	Calculations	Which sum was easiest ?	Solve simple addition sums step by step using proper calculations and checking methods.
5	Subtraction Practice	Solve 5 subtraction sums	Calculations	Which question was difficult ?	Practice subtraction by carefully arranging numbers and subtracting them correctly.
6	Multiplication Tables	Write tables from 2 to 15	Table notebook work	Which table do you know best ?	Write multiplication tables from 2 to 15 regularly and practice reciting them confidently.
7	Time Activity	Draw clocks with different timings	Clock drawings	Why is time important ?	Draw clocks showing different timings and learn how to read hours and minutes correctly.
8	Measurement Activity	Measure objects using ruler	Measurement table	Which object was longest ?	Measure household objects such as books, pencils, tables, and bottles using a ruler or measuring tape.
9	Money Activity	Prepare a small shopping bill	Bill calculation	Why should we save money ?	Prepare a simple shopping bill by writing item names, prices, quantities, and total amount.
10	Pattern Making	Make patterns using shapes	Pattern worksheet	Which pattern looked beautiful ?	Create colourful patterns using shapes, numbers, or lines and continue them correctly.
11	Fractions Activity	Show half and quarter	Drawings	Where do we use fractions ?	Understand fractions by dividing objects or drawings into equal parts such as half and quarter.

12	Calendar Activity	Mark birthday and holidays	Calendar sheet	Which month do you like ?	Observe a calendar and identify birthdays, holidays, Sundays, and important dates.
13	Data Collection	Survey favourite games	Tally marks and chart	Which game was most popular ?	Conduct a small survey about favourite games of friends or family members and represent the data using tally marks.
14	Math Puzzle	Create simple number puzzles	Puzzle sheet	Which puzzle was fun ?	Create simple number puzzles or riddles that involve addition, subtraction, or multiplication.
15	Area Activity	Find area of notebook/table	Calculations	Why is area useful ?	Measure the length and breadth of objects such as notebook or table and calculate their area.

CLASS 4 – EVS

Day	Task	Working	Evidence	Reflection	Process
1	Plant Observation	Observe and draw a plant	Plant drawing	What changes did you notice ?	Observe a plant daily and notice changes in its leaves, stem, flowers, and growth over time.
2	Healthy Food Chart	Prepare healthy food chart	Food chart	Why should we eat healthy food ?	Collect or draw pictures of healthy food items and classify them into fruits, vegetables, grains, and dairy products.
3	Sense Organs	Draw and label sense organs	Diagram	Which organ helps you most ?	Draw the five sense organs carefully and learn how each organ helps us in our daily activities.
4	Animal Homes	Match animals with homes	Matching chart	Which animal home looked interesting ?	Identify different animals and match them correctly with their homes such as den, burrow, and stable.
5	Water Sources	List natural water sources	Water chart	Why should water be saved ?	Learn about natural water sources like rivers, ponds, lakes, and rainwater and understand the importance of saving water.
6	Day and Night	Draw a picture of sun rise and sun set	Drawing	What do you do at night ?	Draw scenes showing daytime and nighttime activities and compare the differences between them.
7	Weather Chart	Observe weather for one week	Weather table	Which weather do you like ?	Observe weather conditions daily and record whether the day is windy, or cloudy.

8	Sinking	Test objects in water	Observation table	Which object floated ?	Put different objects in water and observe which objects sink based on their weight and material.
9	Classification of Plant	Draw and label plant parts	Diagram	Which plant taller and smaller ?	Draw and label classification of plants such as shrubs,trees.
10	Cleanliness Activity	Clean study area	Before-after drawing	Why should surroundings be clean ?	Clean and organize your study area properly and understand the importance of hygiene and cleanliness.
11	Living and Non-Living	Sort living and non-living things	Two-column table	What makes living things different ?	Observe objects around you and classify them into living and non-living things based on their characteristics.
12	Birds Around Us	Observe birds nearby	Bird chart	Which bird did you like ?	Watch birds around your home or school and notice their sounds, and feeding habits.
13	Save Nature Poster	Make poster on nature conservation	Poster	What message does it give ?	Create a poster encouraging people to protect trees, animals, water, and the environment.
14	Air Activity	Burn candle and observe	Activity notes	Why is air important ?	Burn a candle and observe how air presence is important.
15	Science Quiz	Write 8 science questions	Questions and answers	Which topic did you enjoy most ?	Prepare simple science questions and answers from topics you learned during the holidays.

Subjective Holiday Homework:-

1. Ch. 4 Growing up with nature -Read & Understand, Find Difficult words & underlined them and write in their notebook with meaning.
2. Fill Book exercise & Learn them.
3. Create a mindmap of Ch 4. Growing up with nature

4. Prepare Group Presentation

- i. How can we care for nature?
 - ii. Our Traditional Festival
 - iii. First Aid Box Group
 - iv. Science Exhibition task Group
- 4A Food for Health
 4B Our community
 4C Growing up with nature

4D "How Things Work"
 4 A (P.I.S) Food for Health
 4B (P.I.S) "How Things Work"
 v. Uses of Medicinal Plants Group
 vi. Say No to Plastic.

CLASS 4 – G K

Day	Task	Working	Evidence	Reflection	Process
1	My Home	Draw and describe your home	Drawing with labels	Which room do you like most ?	Draw your home carefully and identify rooms such as bedroom, kitchen, living room, and study room.
2	Family Tree	Create family tree	Family chart	Why is family important?	Create a family tree showing the names and relationships of your family members.
3	Places Around Us	List nearby important places	Place list	Which place do you visit often?	Observe important places around your locality such as schools, parks, hospitals, and markets and write their names.
4	National Symbols	Draw national symbols	Symbol chart	Why should we respect them?	Draw national symbols such as the National Flag, National Animal, and National Bird and learn their importance.
5	Community Helpers	Draw and describe helpers	Drawing chart	Which helper helps society most?	Learn about community helpers like doctor, teacher, police officer, and farmer and understand their roles in society.
6	Traffic Rules	Draw traffic symbols	Signal chart	Why should we follow traffic rules?	Observe traffic signs and signals carefully and learn why traffic rules are important for safety.

10	Seasons Chart	Draw all seasons	Season chart	Which season do you enjoy?	Draw and compare different seasons such as summer, winter, and rainy season.
11	Good Habits	Write 10 good habits	Habit list	Which habit is most important?	Write good habits that help us stay healthy, disciplined, respectful, and responsible.
12	Directions Activity	Learn north, south, east and west	Direction chart	Why are directions useful?	Learn the four main directions and understand how they help people locate places.
13	Safety Rules	Write road and home safety rules	Safety list	Which rule is most important?	Learn safety rules related to roads, electricity, fire, and home safety.
14	Great Personality	Write a few lines on A.P.J. Abdul Kalam	Short paragraph	What inspired you most ?	Read about A. P. J. Abdul Kalam wrote simple lines about his achievements and inspiring life.
15	Clean Surroundings	Observe cleanliness nearby	Observation notes	How can you help keep surroundings clean?	Observe cleanliness in your surroundings and think of ways to keep your environment neat and healthy.

CLASS 4 – COMPUTER

Day	Task	Working	Evidence	Reflection	Process
1	Parts of Computer	Draw computer parts	Labeled diagram	Which part do you use most ?	Observe different parts of a computer such as monitor, keyboard, mouse, CPU, and printer and learn their functions.
2	Uses of Computer	Write uses of computer	Information list	How does the computer help students ?	Identify places where computers are used such as schools, hospitals, railway stations, banks, and homes.
3	Computer Rules	Write computer lab rules	Rule chart	Why should rules be followed ?	Learn important computer lab rules like handling devices carefully, keeping hands clean, and maintaining discipline.
4	Keyboard Keys	Identify special keys	Keyboard drawing	Which key is most useful ?	Observe the keyboard carefully and identify alphabet keys, number keys, special keys, and function keys.

5	Input Devices	Draw input devices	Device chart	Which device helps you type ?	Learn about input devices such as keyboard, mouse, microphone, and scanner and understand how they help enter data.
6	Output Devices	Draw output devices	Device chart	Which output device do you use ?	Learn about output devices such as monitors, printers, and speakers and understand how computers provide information.
7	Mouse Practice	Learn mouse actions	Activity notes	Which action was easy ?	Practice mouse actions such as clicking, double-clicking, dragging, dropping, and scrolling.
8	Paint Activity	Draw scenery using Paint	Drawing	What did you draw ?	Use the Paint application to draw scenery or creative pictures using different drawing tools and colours.
9	Computer Safety	Write safety rules	Safety chart	Why is safety important ?	Learn computer safety rules such as switching off devices properly and avoiding food or water near computers.
10	Storage Devices	List storage devices	Device list	Which device stores more data ?	Identify storage devices such as hard disk, pen drive, CD, DVD, and memory card and learn their uses.
11	Machines Around Us	Identify machines using technology	Picture list	Which machine helps most ?	Observe machines around you that use technology and understand how they make daily work easier.
12	Educational Apps	List educational apps used	App list	Which app do you enjoy ?	Explore educational applications that help students learn subjects through games, quizzes, and activities.
13	Digital Poster	Poster on “Use Technology Wisely”	Poster	What message does it give ?	Create a digital awareness poster on “Use Technology Wisely” with safety messages and drawings.
14	Online Learning	Write benefits of online learning	Short paragraph	What do you learn online ?	Understand how online learning helps students attend classes, watch videos, and complete learning activities from home.
15	Computer Maintenance	Cleaning and caring	Checklist/Poster	How to maintain a computer ?	Learn basic computer maintenance such as cleaning the keyboard, covering the monitor, and handling devices safely to increase their life.

Class-4 Jiva Learning					
Day	Task	Working	Evidence	Reflection	Process
1	Yoga Asana	Practiced Yoga Asana for a few minutes daily and wrote 5 benefits.	Teacher/parent observation.	It improved my concentration and life ,balance.	Practice Yoga and write the process and make a list of benefits you observed.
2	Analyse (Dinchariya Ke Niyam)	Fill your DKN on a daily basis with honesty and take the signature of your parents..	(Dinchariya Ke Niyam) log Notebook	I learned the importance of discipline and regular habits.	Fill your DKN on a daily basis with honesty and take the signature of your parents.
3	Learn 5 Sanskrit Shlokas with Meaning	Learned 5 Sanskrit shlokas from the shloka book and understood their meanings.	Recited the shlokas in front of parents/teachers.	I learned good values, respect, and positive thoughts from the shlokas.	Read the shlokas daily, practiced pronunciation, memorized them, and learned their meanings.
