

PRAGYAN PUBLIC SCHOOL SUMMER VACATION HOMEWORK GUIDELINES

Session 2026-27

GENERAL INSTRUCTIONS FOR STUDENTS

- Complete all work neatly and sincerely.
- Write all subjects in 3 in 1 notebook.
- The notebook should be properly covered and labelled with:
 - Student's Name
 - Class & Section
 - Roll Number
 - Session
 - "SUMMER VACATION HOMEWORK" (on the front cover)

- Use separators or coloured pages for each subject.
- Index should be prepared at the beginning of the notebook.
- The date must be written for every activity.
- Handwriting should be neat and readable.
- Use only pencil for written work.
- Diagrams and drawings should be properly coloured and labelled.
- Avoid overwriting and untidy presentations.

HOMEWORK COMPLETION GUIDELINES

- Complete homework regularly instead of doing it at the last moment.
- Work independently.
- Seek parental guidance but do not complete the work on their behalf.
- Every task should reflect creativity, understanding, and effort.
- Read instructions carefully before starting the work.
- Complete all activities within the given timeline.

PRESENTATION GUIDELINES

- Use headings and subheadings properly.
- Maintain proper margins.
- Use coloured pencils for charts and creative work.
- Keep work clean and organized.
- Attach worksheets or printed material, if used.
- Avoid loose sheets unless instructed.

SUBJECT-WISE ARRANGEMENT IN NOTEBOOK

Arrange subjects in the following order:

1. English
2. Hindi
3. Mathematics
4. EVS
5. GK
6. Computer

EVIDENCE SUBMISSION GUIDELINES

Attach evidence of activities wherever applicable.

Examples of evidence may include:

- Drawings
- Photographs
- Observation tables
- Labels
- Charts
- Small reflections
- Parent signature for activity completion
- Leaf pasting
- Creative model photographs
- Survey records
- Nature observation notes

READING HABIT GUIDELINES

- Read for at least 20 minutes daily.
- You may read:
 - Story books
 - Newspapers
 - Magazines
 - Informational books
 - Poems

- Maintain a small reading log mentioning:
 - Book name
 - Date
 - New words learned

- Observe nature
- Learn new skills
- Practice art and craft
- Improve communication skills
- Participate in family discussions
- Develop problem-solving habits
- Practice kindness and responsibility

PARENTS' GUIDELINES

- Encourage children to work independently.
- Monitor regular completion of homework.
- Appreciate effort and creativity.
- Ensure a balanced routine of study, play, and rest.
- Support reading habits at home.
- Avoid excessive pressure on children.

SCREEN TIME GUIDELINES

- Limit mobile phone usage.
- Use digital devices only for educational purposes.
- Educational videos and learning apps may be used with parental guidance.
- Avoid excessive gaming and social media use.

SUBMISSION INSTRUCTIONS

- Submit the notebook on the first three working days after vacation.
- Incomplete homework may affect subject enrichment records.
- Revise and complete all work before school reopens.
- The notebook will be assessed on:
 - Neatness
 - Creativity
 - Completion
 - Presentation
 - Concept understanding
 - Originality of work

MAINTAIN A HEALTHY DAILY ROUTINE

- Sleep on time and wake up early.
- Eat healthy food and drink enough water.
- Practice cleanliness and hygiene.
- Help parents in small household activities.
- Spend time in outdoor games and physical activities.

IMPORTANT REMEMBER

*Use your time wisely,
learn joyfully,
and grow every day!*

- Participate in community or social activities.
- Draw, paint and craft.
- Learn a new skill, explore a hobby or skill.

- Explore and express your creativity.
- Learn a hobby or skill for personal growth.

CLASS 5 – ENGLISH

Day	Task	Working	Evidence	Reflection	Process
1	My Favourite Hobby	Write about your hobby	8–10 sentences	Why do you enjoy this hobby ?	Think about your favourite hobby such as drawing, reading, dancing, singing, or playing games. Write about how you practice it, why you enjoy it, and how it makes you happy.
2	Picture Composition	Create a story from a picture	Picture with story	Which part was most creative ?	Observe a picture carefully and notice the people, objects, surroundings, and actions shown in it. Use your imagination to create an interesting story with a proper beginning and ending.
3	My Daily Routine	Write your daily timetable	Paragraph writing	Which activity do you enjoy most ?	Think about your daily routine from morning to bedtime. Write your timetable in sequence and explain how you manage your time during the day.
4	Synonyms Activity	Write 10 synonym pairs	Word list	Which pair was difficult ?	Learn synonyms by finding words that have similar meanings such as happy-joyful and big-large. Practice using them in simple sentences.
5	My Favourite Teacher	Describe your teacher	8 sentences	Which quality do you admire ?	Observe the qualities of your favourite teacher such as kindness, discipline, teaching style, and helpful nature. Write sentences describing why you admire that teacher.
6	Opposite Words	Write 15 opposite words	Word table	Which words were easy ?	Practice opposite words by comparing different meanings such as bright-dark, clean-dirty, and strong-weak. Use them correctly in writing.
7	Nature Observation	Observe nature and write points	Observation notes	What looked beautiful ?	Go outside or look around your surroundings carefully and observe trees, flowers, birds, sky, clouds, and insects. Write the beautiful things you noticed in nature.
8	Story Writing	Write a story with moral	Story writing	What lesson did you learn ?	Create your own story using characters, place, problem, and solution. Give your story a meaningful ending and a moral lesson.
9	Action Words Hunt	Write verbs used daily	Verb list	Which action do you enjoy ?	Observe your daily activities and identify action words such as write, jump, read, dance, and cook. Make a list of verbs used in everyday life.

10	Greeting Card	Design a thank-you card	Card making	Whom would you give it to ?	Design a beautiful thank-you card using colours, borders, drawings, and kind words for someone special.
11	My Favourite Animal	Draw and describe an animal	Drawing with sentences	Why do you like this animal ?	Draw your favourite animal carefully and observe its appearance, food habits, body parts, and behaviour before describing it.
12	Poem Writing	Write a poem on the moon	6-8 lines	What inspired your poem ?	Think about the moon, night sky, stars, and beauty of nature. Use creative ideas to write a short poem on the moon.

13	विज्ञापन निर्माण	स्कूल बैग का विज्ञापन बनाइए	पोस्टर एवं नारा	विज्ञापन कैसे आकर्षित करते हैं ?	स्कूल बैग का आकर्षक विज्ञापन बनाइए और प्रभावशाली नारा लिखिए।
14	स्वच्छता भाषण	स्वच्छता पर भाषण लिखिए	भाषण प्रारूप	स्वच्छता क्यों जरूरी है ?	स्वच्छता के महत्व को समझते हुए भाषण तैयार कीजिए और अच्छे स्वास्थ्य से उसका संबंध बताइए।
15	पुस्तक समीक्षा	कहानी पुस्तक की समीक्षा लिखिए	समीक्षा	पुस्तक से क्या सीख मिली ?	कहानी पुस्तक पढ़कर उसके मुख्य पात्र, घटनाएँ और शिक्षा अपने शब्दों में लिखिए।

Class:-5th

Hindi Lit:- पाठ 4 दादी का चश्मा:- पाठ पढ़िए व कठिन शब्द रेखांकित कर याद करिए, व पाठ से पांच-पांच प्रश्नोत्तर बनाएं।

गतिविधि:- आंखों को स्वस्थ रखने के कोई पांच उपाय लिखिए।

Hindi Lang:- व्याकरण पुस्तिका से शुरू के 10 समानार्थी व 10 विलोम शब्द लिखकर याद करें।

गतिविधि:- A4 सीट पर कारक के भेदों का उदाहरण सहित चार्ट बनाइए।

हिंदी की सुलेख पुस्तिका को पूरा करिए।

CLASS 5 – MATHEMATICS

Day	Task	Working	Evidence	Reflection	Process
1	Household Counting	Count items in kitchen	Counting table	Which item was the maximum ?	Count different items available in the kitchen such as spoons, plates, cups, and containers and record the numbers in a table.
2	Shape Hunt	Find 2D and 3D shapes	Shape chart	Which shape was common ?	Observe objects around you and identify both 2D and 3D shapes such as cube, cuboid, sphere, circle, and rectangle.
3	Number Names	Write number names 1–200	Number list	Which spelling was difficult ?	Practice writing number names from 1 to 200 carefully and read them aloud to improve spelling and understanding.
4	Addition Practice	Solve 10 large addition sums	Calculations	Which sum was easiest ?	Solve large additional sums step by step and check your answers carefully.
5	Subtraction Practice	Solve 10 subtraction sums	Calculations	Which question was difficult ?	Practice subtraction sums using proper arrangement of numbers and borrowing methods where needed.
6	Multiplication Tables	Write tables from 2 to 20	Table notebook work	Which table do you know best ?	Write multiplication tables from 2 to 20 daily and practice them regularly for speed and accuracy.
7	Time Management	Prepare study timetable	Timetable chart	How can time be managed ?	Prepare a proper study timetable showing time for study, play, meals, rest, and hobbies.
8	Measurement Activity	Measure furniture at home	Measurement table	Which object was longest	Measure furniture and household objects using a ruler or measuring tape and compare their lengths and heights.
9	Money Activity	Prepare grocery shopping bill	Bill calculation	Why should we save money?	Prepare a grocery shopping bill by writing item names, quantities, prices, and total amount correctly.
10	Pattern Making	Create number and shape patterns	Pattern worksheet	Which pattern was interesting ?	Create number and shape patterns using creativity and continue them logically.
11	Fractions Activity	Show fractions using food items	Drawings	Where do we use fractions ?	Understand fractions by dividing food items or drawings into equal parts such as half, quarter, and one-third.
12	Calendar Activity	Mark important family dates	Calendar work	Which month do you enjoy ?	Observe a calendar carefully and mark birthdays, festivals, holidays, and important family dates.

13	Data Collection	Survey favourite sports	Tally marks and graph	Which sport was most popular ?	Conduct a survey about favourite sports of friends or family members and represent the data using tally marks or graphs.
14	Math Puzzle	Create math riddles	Puzzle sheet	Which puzzle was fun ?	Create interesting math riddles and puzzles involving addition, subtraction, multiplication, or logic.
15	Area and Perimeter	Find area of a table/book	Calculations	Why are area and perimeter useful	Measure the length and breadth of objects such as tables or books and calculate their area and perimeter.
16	Abacus	Do practice of 30 Addition and Subtraction Sums in level-1 book-B	Calculations		

CLASS 5 – EVS

Day	Task	Working	Evidence	Reflection	Process
1	Plant Observation	Observe plant growth for 5 days	Observation chart	What changes did you notice ?	Observe a plant daily for several days and notice changes in height, leaves, flowers, and growth pattern.
2	Healthy Food Plate	Draw balanced diet plate	Food diagram	Why should we eat healthy food ?	Draw a balanced diet plate showing fruits, vegetables, grains, milk products, and proteins required for good health.
3	Sense Organs Activity	Draw and explain sense organs	Labeled diagram	Which organ helps you most ?	Draw and label the five sense organs and explain how each organ helps us in daily life.
4	Animal Classification	Classify animals into groups	Animal chart	Which animal group is interesting ?	Classify animals into groups such as mammals, birds, reptiles, insects, and aquatic animals.
5	Sources of Water	List natural and artificial sources	Water chart	Why should water be conserved ?	Identify natural and artificial sources of water and understand the importance of conserving water.
6	Day and Night Activity	Observe sunrise and sunset	Observation table	Why do day and night occur ?	Observe sunrise and sunset timings and understand how Earth's movement causes day and night.
7	Weather Observation	Record weather for one week	Weather chart	Which weather do you enjoy?	Record daily weather conditions such as sunny, rainy, cloudy, or windy for one week.
8	Floating and Sinking	Test household objects in water	Observation table	Why do some objects float ?	Test different household objects in water and observe why some objects float while others sink.
9	Parts of Plant	Draw and label plant parts	Diagram	Which part makes food ?	Draw and label the parts of a plant and understand how roots, stem, leaves, and flowers help the plant survive.

10	Cleanliness Drive	Organize study room	Before-after drawing	Why should we stay organized ?	Organize your study room neatly and understand the importance of cleanliness and proper arrangement.
11	Living and Non-Living	Identify living and non-living things	Two-column chart	What makes living things different ?	Observe things around you and classify them into living and non-living categories based on their characteristics.
12	Birds Around Us	Observe and draw birds	Bird chart	Which bird did you like ?	Watch birds around your home or park and observe their colours, sounds, food habits, and movements.
13	Save Environment Poster	Make poster on environment	Poster	What message does it give ?	Create a poster encouraging people to protect trees, water, animals, and the environment.
14	Air Experiment	Balloon activity showing air	Activity notes	Why is air important ?	Perform a balloon activity to understand that air occupies space and is necessary for life.
15	Science Quiz	Prepare 10 science questions	Questions and answers	Which topic did you enjoy most ?	Prepare science quiz questions from topics learned during holidays and discuss them with family or friends.

Subjective :-

1. Ch. 4 Our School - A Happy Place -Read & Understand, Find Difficult words & underlined them and write in their notebook with meaning.

2. Fill Book exercise & Learn them.

3. Create a mindmap of Ch 3 Nature trail

4. **Prepare Group Presentation**

i. Save Electricity Group

ii. Save Water Group

iii. Waste Management Group

iv. Science Exhibition task Group

5A solar planet wind mills

5B waste Management

5C Structure of tooth

5D Pure water filtration Machine

5A (P.I.S) solar planet wind mills

CLASS 5 – GK

Day	Task	Working	Evidence	Reflection	Process
-----	------	---------	----------	------------	---------

1	My House Plan	Draw plan of your house	House drawing	Which room do you like most?	Draw a simple plan of your house showing rooms, doors, windows, and important areas correctly.
2	Family Tree	Create detailed family tree	Family chart	Why is family important?	Create a detailed family tree showing relationships among family members.
3	Places Around Me	Write about nearby important places	Place list	Which place do you visit often/	Observe important places around your locality such as school, hospital, market, post office, and park and write about them.
4	National Symbols	Draw and explain symbols	Symbol chart	Why should we respect them/	Draw national symbols carefully and learn why they are respected and important for the country.
5	Community Helpers	Write about helpers in society	Information chart	Which helper is most important?	Learn about community helpers such as doctor, police officer, farmer, and teacher and understand their role in society.
6	Traffic Awareness	Draw traffic signs	Traffic chart	Why should rules be followed?	Observe traffic signs and signals carefully and understand how traffic rules help maintain safety on roads.
7	Indian Festivals	Describe a festival celebrated nearby	Festival paragraph	What values does it teach?	Describe a festival celebrated in your area and explain the traditions, food, dress, and values associated with it.
8	My School	Draw and label school map	School drawing	What do you enjoy in school?	Draw and label a map of your school showing classrooms, playground, office, library, and other important places.
9	Means of Transport	Compare transport types	Transport table	Which transport is fastest?	Compare different means of transport used on land, water, and air and understand their advantages.
10	Seasons Chart	Draw and explain seasons	Season chart	Which season do you like?	Draw and explain different seasons and observe changes in weather, clothes, and activities during each season.
11	Good Citizenship	Write qualities of a good citizen	Quality list	Which quality is most important?	Write qualities of a good citizen such as honesty, kindness, discipline, and respect for others.
12	Directions Activity	Draw direction compass	Compass chart	Why are directions useful?	Draw a compass showing north, south, east, and west directions and learn how directions help in locating places.
13	Safety Rules	Write road and home safety rules	Safety list	Which rule is most important?	Learn important road safety and home safety rules and understand why following them is necessary.
14	Great Personality	Write about Subhash Chandra Bose	Short biography	What inspired you most?	Read about Subhas Chandra Bose and write about his contribution to India's freedom struggle.
15	Clean Surroundings	Observe cleanliness in locality	Observation notes	How can you help society?	Observe cleanliness in your locality and think of ways students can help keep society clean and healthy.

CLASS 5 – COMPUTER

Day	Task	Working	Evidence	Reflection	Process
1	Parts of Computer	Draw and label computer parts	Labeled diagram	Which part do you use most ?	Observe different parts of a computer such as monitor, keyboard, mouse, CPU, speakers, and printer and learn their functions.
2	Uses of Computer	Write uses of computers in school	Information list	How do computers help students ?	Identify different ways computers help students in studies, projects, online learning, and educational activities.
3	Computer Lab Rules	Write computer safety rules	Rule chart	Why should rules be followed ?	Learn computer lab safety rules such as sitting properly, handling devices carefully, and keeping food away from computers.
4	Keyboard Practice	Learn special keyboard keys	Keyboard drawing	Which key is useful ?	Observe the keyboard carefully and learn the functions of special keys such as Enter, Spacebar, Shift, and Backspace.
5	Input and Output Devices	Identify devices at home/school	Device chart	Which device do you use daily ?	Identify input and output devices used at home or school and understand how they help in computer work.
6	Mouse Actions	Practice clicking and dragging	Activity notes	Which action was easiest ?	Practice mouse actions such as clicking, double-clicking, dragging, dropping, and scrolling using simple activities.
7	Paint Activity	Draw scenery using Paint	Drawing	What did you create ?	Use the Paint application creatively to draw scenery, shapes, or colourful designs using different tools.
8	Storage Devices	Collect information about storage devices	Device list	Which device stores more data ?	Collect information about storage devices such as hard disk, pen drive, CD, DVD, and memory card.
9	Computer Safety	Make computer safety poster	Poster	Why is safety important ?	Create a colourful poster showing computer safety rules and healthy computer habits.
10	Educational Websites	Write names of learning websites	Website list	Which website do you enjoy ?	Explore educational websites that help students learn subjects through videos, games, quizzes, and activities.
11	Machines Around Us	Identify technology machines	Picture list	Which machine helps most ?	Observe machines around you that use modern technology and understand how they make work faster and easier.
12	Online Learning	Write advantages of online learning	Short paragraph	What do you learn online ?	Understand the advantages of online learning such as studying from home, watching videos, and attending virtual classes.
13	Digital Poster	Poster on “Use Internet Wisely”	Poster	What message does it give ?	Design a digital awareness poster on “Use Internet Wisely” and include online safety messages.
14	Future Technology	Draw future technology idea	Creative drawing	Which invention excites you ?	Imagine future technology inventions and draw creative ideas that may help people in daily life.

15	Presentation Planning	Plan slides on favourite topic	Slide outline	Which topic did you choose ?	Plan a simple presentation on your favourite topic by deciding headings, pictures, and information for each slide.
----	-----------------------	--------------------------------	---------------	------------------------------	--

Class-5 Jiva Learning					
Day	Task	Working	Evidence	Reflection	Process
1	Find out parents' expectations	Mention the date and sit with your parents to discuss their expectations and parameters for you.	Discussion notes	Why is it important to understand parents' expectations?	Write the date, discuss with your parents about their expectations from you, and note the points carefully. Take the sign of your parents too.
2	Analyse (Dinchariya Ke Niyam)	Fill your DKN on a daily basis with honesty and take the signature of your parents.	(Dinchariya Ke Niyam) log Notebook	I learned the importance of discipline and regular habits.	Fill your DKN on a daily basis with honesty and take the signature of your parents.
3	Learn 5 Sanskrit Shlokas with Meaning	Learned 5 Sanskrit shlokas from the shloka book and understood their meanings.	Recited the shlokas in front of parents/teachers.	I learned good values, respect, and positive thoughts from the shlokas.	Read the shlokas daily, practiced pronunciation, memorized them, and learned their meanings.
